Calling all parents....

Want to know more about what your child is learning in class?

Follow them on Twitter and look out for daily tweets!

A Parent's Guide: How to make a Twitter account

- 1: Access www.twitter.com and click 'New to Twitter' 'Sign up'.
- 2: You will be required to enter your full name, an email address and create a password. (Must be over 8 characters).
- 3: Next, you have to select a username; this will be your 'Twitter name'. People will find you by searching this username. This name will always be visible to other users. Example, 'Mrs Skellon'.
- 4: Once this is complete, your twitter account has been set up.
- 5: You can then search for your child's class teacher by using the user name:
